

## KENDALL PREPARING FOR A BANNER YEAR

Improvement and Expansion Will Fall Short of Accommodating Large Student Body.

## ANOTHER CHAMPION ELEVEN

Return of Old Stars From Army Service Creates Dreams for Football Enthusiasts.

Kendall college is facing a prosperous and successful year. Although no publicity campaign has been made, Kendall pledges, the girls' dormitory, is filled and 24 applications for rooms in this dormitory have been necessarily refused. The enrollment to date is far in advance of any similar time in the history of the college.

Dr. Arthur Lee Odell, president of the college, delivered the address at the Kiwanis club luncheon yesterday, telling not only of the prospects for Kendall this year, but touching on the general aspects of education and the purposes of an educational institution.

With the return of many star athletes of the famous 1917 football squad, all of whom enlisted at outbreak of the war, the name of Kendall college is destined to be spread from one end of the country to the other, he declared. The construction work on the new gymnasium has gotten well under way and the completion will be another attraction to prospective students. In addition to a large enrollment and the fact is, said Dr. Odell, that there is no lack of students but only of facilities to care for them. Sufficient funds and an endowment will insure the success of Kendall, he said, and he has been given assurance of sufficient financial aid to carry out the expansion program of the college.

Dr. Odell told of plans, yet in the process of formation, for a science building, where all science courses will be taught by the best men and with the aid of modern equipment. A new dormitory for girls is a pressing need and more buildings are required to keep pace with the growing demands for entrance to the college by students from Oklahoma and many other states of the nation. Within a year it is planned by Dr. Odell to greatly improve the musical department of the college.

"I have hopes of seeing Kendall college with the best conservatory of music in the southwest," he declared. Negotiations have already been made for a teaching staff for this department and it is likely that the 1920 term will see a great improvement in this branch of the work.

In his general remarks on education, Dr. Odell held the attention of the Kiwanians during the short time he spoke. His address was declared to be the strongest the club has heard.

Education, said Dr. Odell, does not mean giving a man a stock of information. It is development of his mind to the point where the student of a curious and inquiring turn includes the development of his body through athletics and the training of his character and moral life.

Clothes don't make a man, but it's only the millionaire who can go about his business looking like a rickshaw.

## HOW TO STOP BEING NERVOUS

Building Up Blood, Strengthening Nerves and Increasing Strength and Vigor.

According to a noted French Scientist, the most effective remedy for nervousness, insomnia and ailments due to depleted nerve force, is a form of organic phosphate known as *Strophosin* in this country as *Strophosin*.

It is described as a substance which is similar in composition to the phosphorus naturally found in brain and nerve cells, and which is quickly assimilated, the work of creating nerve force, strength and vigor begins immediately it is taken into the blood system.

There are many reports of astonishing results from its use, some showing remarkable improvement even in stubborn cases of long standing nerve weakness. As there are many kinds of phosphates, *Strophosin* should be used to produce the genuine *Strophosin*—Advt.

## Why My Baby Sleeps So Well

At ten o'clock I wake him up just enough to get that warm bottle into his chubby hands—and I have to watch him to see that he doesn't slip back asleep over it—and then not a sound out of him except his soft breathing until seven next morning!

Some other babies I have heard of wake up and cry during the night—but not mine, because his little stomach has no trouble with his food.

You see, it's Nestlé's Milk Food. Just a form of milk easier to digest than ordinary milk, because it's in powder form and that breaks up the hard to digest curds. And more nourishing for him, too—because it has in it just the right amount of sugar and cereal.

The Nestlé Company likes to save babies and put them on the road to health. They gave me free a big Mother's Book on baby feeding by specialists, and enough Nestlé's Milk Food for twelve feedings. They will be glad to do this for you, too, if you will send them your name on the coupon below. I know your baby can be as well and strong as mine!

Nestlé's is pure milk in powder form that is already modified and does not require the further addition of milk. Always pure and safe, always uniform, and free from the dangers of home modification, Nestlé's has saved the test of three generations and has today the largest sale of any baby food in the world.

FREE! Enough Nestlé's for 12 feedings. Send the coupon!

## Keep a Weather Eye on Hubby, Ladies; Julian Ellinge Is on His Way

Julian Ellinge, the man who has won fame by "doin' up" like a woman, and whose feminine impersonations on the screen have gained him the title of "the most beautiful woman in the movies," will appear in Tulsa at convention hall August 25.

Ellinge comes to Tulsa from Denver where he is leading his own company in the "Revue of Nineteen Nineteen" which has scored a series of remarkable successes throughout the season. At the conclusion of the present tour Ellinge and his company will leave America in November for a trip around the world. The first appearance will be in Australia; then they will go to South Africa, India and Europe.

## LABOR PARTY ISSUES CALL FOR CONVENTION

Meeting Will Be Held in November to Outline Platform and Select Candidates for 1920.

CHICAGO, Aug. 18.—Initial steps in the organization of a national labor party were taken today at a conference of representatives of labor organizations of several states. A temporary executive committee was named to issue a call for delegates to a national convention to be held in Chicago in November and to set a definite date. Duncan McDonald, president of the Illinois Federation of Labor, and chairman of the state labor party, who presided at the conference, said that the party expected to have between 2,500 and 3,000 delegates at the convention.

A constitution and platform will be formulated at the national convention, it was announced, and candidates for the 1920 campaign will be chosen.

The basis of representation to the convention was decided today: one delegate to each central labor body, of which there are 706 in the United States, and one delegate for every 500 members of all labor party groups and all local unions.

The new party will represent the 6,000,000 members of organized labor in the United States and will have the co-operation of non-partisan leagues and farmer organizations in various states," said Robert M. Buck, editor of the official newspaper of the Illinois labor party.

In connection with organizing of the national party, the conference delegates named a national lecture bureau committee to make arrangements for the tour of Arthur Henderson, secretary of the British labor party, who will come to the United States in October. It was announced that Mr. Henderson would tour the country, giving lectures on the workings of the British party, and be used to strengthen the new party.

"I think Number 40 For The Blood as a blood purifier has no equal. When I began to take Number 40, I was in very poor health, as I had Rheumatism, Catarrh, Stomach Trouble, Lead Poisoning, and skin itches that I had tried almost every known remedy to relieve. I have taken six bottles of 'Number 40' and am on a fast road to recovery. I owe my life to it, as I used to weigh 127 pounds and now weigh 145, my usual weight. I could write more but this should be enough to convince the most skeptical, and you are at liberty to use this letter anyway you desire." Geo. Klinker, Lima, Ohio.

The ingredients in "Number 40 For The Blood" are set down in the U. S. Dispensary and other reliable medical books as follows: Employed in diseases of the glandular system, in blood poison, constipation, stomach and liver troubles, chronic rheumatism, catarrh, sores, ulcers, skin eruptions, mercurial and lead poisoning. Under its use nodes, tumors, scrofulous swellings that have withstood all other treatment disappear as if by magic.

Prepared by J. C. Mendenhall, Evansville, Ind., 40 years a druggist. Sold by Steinberg Bros.—Advt.

## DALLAS MEN PROPOSE JUNIOR CIVIC CHAMBER

Lowell Browne and Scott Hardy, Representing Texas Body, Advocate New Tulsa Civic Club.

Preaching the gospel of a junior chamber of commerce, Lowell C. Browne and Scott Hardy, young men of Dallas, arrived in Tulsa yesterday on a tour of several of the important cities of the United States. They are studying civic problems and attempting to create interest in the organization of the junior chamber whose membership is of the young business men of the city who do not feel the capability and development of the older citizens but who have interests in civic and industrial problems.

Browne and Hardy were in consultation yesterday with C. H. Douglas of the chamber of commerce and with a number of young men of the city and stated that the plan to organize a junior chamber here met with encouraging response.

In the July issue of the *Spirit*, official organ of the chamber of commerce, Mr. Douglas suggested such an organization as the Dallas men are now projecting, and the organization has been discussed to some extent.

Browne's plan is to get the endorsement of the chamber of commerce and have it agree to finance the junior organization for a year. Dues of \$5 will finance the organization, he declared, and the money advanced by the chamber of commerce can be repaid at the end of the first year after which the junior organization will be self-supporting. The work of the junior chamber

is supplementary to the senior organization, the members working wherever possible under the direction of the chamber of commerce and serving on committees of the senior body.

Speaking of the plan, Mr. Douglas, secretary of the chamber of commerce, expressed approval. "It is a means of developing the young men of today to accept the responsibilities of tomorrow," he said.

Browne and Hardy will be guests of the Ad club at luncheon today and will attend the meeting of the American Legion Wednesday night at the courthouse. They expect to remain in the city several days. While here they are the guests of the Ray Harold G. Cooke of the Tulsa Memorial club.

"The Wrecker," a Tulsa movie, shows this week.

"The Wrecker," Tulsa's first home talent motion picture will be shown at the Majestic theater Wednesday, Thursday, Friday and Saturday of this week. The management of the Majestic announced Monday. The cast is made up entirely of Tulsans and every one of the 100 scenes in the picture was laid here.

The story is a railroad melodrama dealing with the trouble of the M. & O. L. railroad and the love affairs of the daughter of its president. The cast is composed of prominent Tulsans, including Mayor C. H. Highland, H. M. McFarlin, M. A. Breckinridge, Lee Levering, Arlie J. Cripe, Miss Frances Riddle, R. M. Franks, Charles Lukins, H. J. Jennings, Mrs. Lady Nell Baldwin, Miss Mary Delaney, Mrs. Tom Leftland, Chief of Police Charles Allen, Fire Chief Alder, Albert T. Twist and Rev. J. W. Abel.

TO HAVE GREAT MACHINERY AND TRACTOR EXHIBITION

OKLAHOMA CITY, Aug. 18.—Farmers of Oklahoma who are interested in improved methods of farming and the latest implements in the demand for a greater production, will have the opportunity of seeing a wonderful assembly of tractors and farm implements at the Oklahoma state fair and exposition at Oklahoma City from September 20 to 27.

More entries have been made in this department than ever before and virtually every large manufacturer will have an exhibit and demonstration on the grounds.

WILSON'S Certified SQUARE BOILED HAM

The Wilson Label Protects Your Table

—for a delicious cold lunch

WILSON'S Certified BOILED HAM

Served with Potato Salad or Spread on Sandwiches

Cooked just right—tender, sweet and full of flavor that makes your lips smack with delight.

Wilson's Certified is different from the ordinary old-fashioned round style—it is pressed square which keeps it firm and makes slicing easy and without waste.
